V. Vasyunin's biographical scketch

Home address

Russia, 199004,
St.Petersburg,
Vasilievskii Island, 5-th line, 56, ap.4

Business address

Russia, 191011,
St.Petersburg,
Fontanka 27, POMI

e-mail address vasyunin pdmi.ras.ru

Date and place of birth October 23, 1948, Świdnica (Poland)

Marital status

married (wife: Nina Vasyunina)
(son: Pavel Vasyunin)
(daughter: Maria Vasyunina)

Degrees:

MS 1972, Leningrad State University

Ph. D. 1976, V. A. Steklov Math. Inst. (Leningrad branch)

Doctor of Science, 1992, V. A. Steklov Math. Inst. (St.-Petersburg branch)

Professional History:

From 1975 till 1983:

Leningrad branch of V. A. Steklov Mathematical Institute, Junior researcher.

From 1983 till 1992:

Leningrad branch of V. A. Steklov Mathematical Institute, Senior researcher.

From 1992 till now:

St.-Petersburg branch of V. A. Steklov Mathematical Institute, Leading researcher.

Visiting positions:

1983	Karl Marx University, Leipzig, East Germany
1984	Janos Bolyai Institute, Szeged, Hungary
1986	Mathematical Institute, Prague, Czechoslovakia
1989	University of Kuwait, Kuwait
1991	University of Seville, Spain
1993	University of Bordeaux-I, France
1994	University of Bordeaux-I, France
1995	University of Bordeaux-I, France
1995	Mathematical Sciences Research Institute, Berkeley, USA
1996	Californian Institute of Technology, Pasadena, USA
1996	University of Bordeaux-I, France
1997	University of Seville, Spain
2000	Chalmers Institute of Technology, Göteborg, Sweden
2000	University of Seville, Spain
2001	Michigan State University, USA
2001	California Institute of Technology, USA
2002	University of Bordeaux-I, France
2002	University of Seville, Spain
2003	Michigan State University, USA
2004	NTNU, Trondheim, Norway
2005	Michigan State University, USA
2006	Michigan State University, USA
2007	Michigan State University, USA
2011	University of Cincinnati, USA
2016	Michigan State University, USA

Research area:

Linear and complex analysis, operator models, spectral theory of operators, harmonic analysis, Bellman function method.

List of coauthors

N. K. Nikolski
B. S. Pavlov
N. G. Makarov
R. Teodorescu
M. T. Karaev

S. R. Treil
A. L. Volberg
V. V. Peller
S. Bermudo
K. H. Mancera
P. J. Paul,
L. Slavin
A. Stokolos
A. Reznikov
P. Ivanishvili
N. Osipov
D. Stolyarov
P. Zatitskii
A. Logunov
F. Nazarov
H. Hedenmalm

Ph.D advisor: N. K. Nikolskii

Lectures at international conferences

Semester in Operator Theory
Banach Centrum, Warsaw, Poland, 1977;

VII International Conference in Operator Theory
Timişoara, Romania, 1982;

XIV Seminar in Function Analysis
Cesky Krumlov, Czechoslovakia, 1983;

International Congress of Mathematicians
Warsaw, Poland, 1983;

Joint Polish-GDR Seminar on Banach Spaces,
Jachranka, Poland, 1985;

Symposium on the Ocassion of the Proof the Bieberbach Conjecture,
West Lafayette, USA, 1985;

XIX Seminar in Functional Analysis
Alšovice, Czechoslovakia, 1988;

XXI Seminar in Functional Analysis
Kasejovice, Czechoslovakia, 1990;

Semester in Hankel and Toeplitz opeators
Mittag-Leffler Institut, Djursholm, Sweden, 1990;

Journées de Théorie des Opérateurs
Luminy, France, 1993;

Semester in Operator Theory,
Banach Centrum, Warsaw, Poland, 1995;

Semester in Holomorphic spaces
Mathematical Sciences Research Institut, Berkeley, USA, 1995;

North-British Seminar in Functional Analysis
Edinburgh, Great Britain, 1996;

British–Russian Workshop in Functional Analysis
St.Petersburg, Russia, 1996;

Conference in honour of Professor Moshe Livshic 80-th birthday
Beer-Sheva, Israel, 1997;

International Workshop in Operator Theory and Applications
Groningen, The Netherlands, 1998;

Memorial Conference for Bela Szőkefalvi-Nagy
Szeged, Hungary, 1999;

International Workshop in Operator Theory and Applications
Bordeaux, France, 2000;

Analysis and Operators
Biarritz, France, 2002;

MathESTIA
Bidart, France,2007;

New Trends in Complex and Harmonic Analysis and Operators
Voss, Norway, 2007;

Recent progress in and Operator Theory and Function Theory
Marseille, France, 2008;

Harmonic analysis and approximation
Tsakhkadzor, Armeia, 2008;

6th European Conference on Elliptic and Parabolic Problems
Gaeta, Italy, 2009;

Operator Theory and Applications: Perespectives and Challenges
Jurata, Poland, 2010;

Operator Theory and Harmonic Analysis
Oberwolfach, Germany, 2010;

2011 Spring Southeastern Section Meeting
Statesboro, GA, USA, 2011;

Bellman functions in Harmonic Analysis
Sophia Antipolis, France, 2011;

Recent Trends in Analysis
Bordeaux, France, 2011;

Harmonic Analysis and Approximations, V
Tsakhkadzor, Armenia, 2011;

Bellmann function technique in harmonic analysis
Djursholm, Sweden, 2013;

IWOTA 2014
Amsterdam, The Netherlands, 2014;

St.-Petersburg — Helsinki Math Colloquium
St.-Petersburg, Russia, 2015;

Harmonic Analysis, Complex Analysis, Spectral Theory and all that
Będlewo, Poland, 2016;

3-rd Conference Probability and Analysis
Będlewo, Poland, 2017.
